

PostBase[®] Fusion Semi-Auto

PostBase® Fusion Semi-Auto

Stylish. Secure. Connected

Meticulously engineered with users in mind, the PostBase® Fusion Semi-Auto is intuitive to use with an icon-driven interface so that any operator can process mail with ease. Featuring top-of-the-line technology, cloud-based analytics, and high-tech digital solutions this postage meter is as functional as it is stylish. In addition to a professional business image, the PostBase® Fusion Semi-Auto offers new marketing opportunities with an integrated text message and QR code generator to print alongside your postage. The PostBase® Fusion line comes in five designer colours to best suit your style and is whisper quiet to integrate perfectly into any office environment.

MyFP Customer Portal

Advanced portal options offer full online control of your mailing system. Including meter operator and cost account management, orders and invoices, support and FP digital products and services.

CPC Approved Meter

Equipped with the most up-to-date Indicia technology. The PostBase® Fusion is designed to fully meet all Canada Post standards and requirements.

Postal Services

Full selection of Canada Post postal rates and extra services, and automatic downloads to ensure you always have accurate postal rates without any hassle.

MoCA

Parcel System Software

Paired with the PostBase® Fusion, MoCA is the perfect companion to send packages. This cloud based FP System will process and pay for parcels, with Real Time rates, using a Teleset (PAD) account. MoCA software prints Canada Post barcodes, enabling the user to track and trace their parcel shipments.

MoCA software offers cost control capabilities to keep shipping costs in check. This offers users up front savings starting at 8% compared to the mailing machine rates, with access to all discount levels based on volume usage.

FP MoCA also offers:

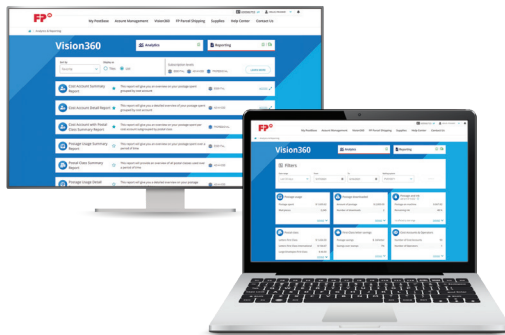

- Access to all Canada Post parcel services
- Track & Trace with Canada Post barcodes
- Cost control capabilities
- In-depth usage data report analysis
- Prints 4" x 6" self adhesive shipping labels with MoCA printer
- Easily linked to your mailing machine account

Vision360

Postal Analytics and Reporting

Created with exclusive technology, the PostBase® Fusion offers advanced postal analytics and reporting through Vision360. Accessible through the MyFP Customer Portal, Vision360 provides companies a 360-degree view of postal usage to better monitor, manage, and control postal expenditures.

With the Vision360 analytics dashboard, you can get an operational overview of postal expenses, ink and postage on the machine, and postage downloads for better budgeting and planning. Getting the right report you need in the format required is easy. Report types are displayed on-screen as tiles or in a list view that can be sorted by favourites, alphabetical, report type or subscription level.

Reporting Metrics Available:

- Postage Download
- Postal Usage
- Cost Accounts
- Postal Class (Advanced & Professional)
- Meter Operators (Advanced & Professional)

The Essential subscription is included with your PostBase® Fusion mailing system and offers basic reports. Optionally, the Advanced subscription tier unlocks additional reports while the Professional subscription allows you to combine multiple metrics into a single report, in addition to unlocking additional reports.
