

KOBRA 430 TS

Throat width:	17.2 inches
Security level DIN 66399:	P-3 O-2 T-3 E-2
Shred size:	cross-cut 1/4"x2" (0.23x1.97 in)
Paper capacity*:	up to 130 sheets
Shreddable Materials:	Paper, Card Board, Folders, Paper Clips, Staples, DVD/CD, Blue Ray, Floppy Disks, Credit Cards, USB memory sticks
Shredding Output:	approx. 660lbs/hour
Speed:	50 fpm
Noise level:	60 dba
Voltage:	208 V/three phase, 30 amps.
Power:	5.4 Hp
Container Capacity:	124 gal
Dimensions (WxDxH):	32x64x67 inches
Weight:	1060 lb
EAN Code:	8 026064 999014

* Capacity varies based on supply power, weight, quality and grain of paper, operating temperature and blade lubrication

The KOBRA model 430TS is a high performance conveyor belt industrial shredder. Designed for large shredding throughput and continuous shredding operations. The carbon hardened knives are not affected by staples and paper clips. High precision design of cutting knives allows maximum shredding capacity with amazingly low energy consumption. Motor thermal protection, standard automatic oiler, bag full stop with light signal, clear side safety shields and Flex Volume shredder bin are just a few of the 430TS' advanced features. Powerful, efficient and simple to operate, the KOBRA 430TS is the clear choice for high volume conveyor belt shredding.

FEATURES

- ELECTRIC CONVEYOR BELT for easy feed
- SUPER POTENTIAL DRIVE UNIT utilizes all metal chains and steel gear components
- CONTINUOUS DUTY motor with thermal protection for maximum durability
- TOUCH SCREEN CONTROL PANEL The operator activates all 430 TS functions by simply touching the function symbols on the operations panel. Touch sensitive switches are fully sealed for resistance to all contamination and easy cleaning
- SAFETY STOP automatic stop for ultimate convenience and safety, the 430TS automatically stops when the waste container is full or when the cabinet door is open
- AUTOMATIC REVERSE automatically reverses the feed in case of accidental jam
- AUTOMATIC OILER integrated standard fully automatic oiler guarantees maximum cutting and power consumption efficiency
- CLEAR VIEW Clear and strong see through guards on both sides of the 430 TS feed area gives the operator a complete and safe view of the 430 TS shredding operation area
- CASTER MOUNTED Sturdy waste container with Flex Volume for easy removal and disposal of the shredded material
- TRADE AGREEMENT ACT (TAA) COMPLIANT

124 gallon steel cabinet
 Sturdy and large volume steel cabinet equipped with a dedicated oil container holder

Waste bags
 Removable steel trolley with special interchangeable bin for one 124 gallon bin or two 64 gallon bins

Electric Conveyor Belt
 Convenient conveyor belt for easy feeding of material to shred
